# A MESSAGE FROM THE FOUNDER

**DEAR CHAMPS,**

Having spent my life consumed in elite sport before transitioning into the business world, so many of the lessons I have learned in Basketball have helped me succeed in the corporate environment. Many principles of sports, especially team sports, can be applied to our day-to-day work to ensure teams, structures, and practices are working at their optimum level. Various sports competencies are the same exact ones that are required in the corporate world: teamwork, communication, problem solving, management, motivation, goal setting, strategic planning, only to name a few. Allow us to draw upon our years of experience in sports and apply what we have learned to create our own successful business to help you create a more energized, cohesive, and goal-oriented team that will take your overall performance to the next level. Our Champs Sports Club is fun, fast paced, engaging and delivers the results you are looking for. We can't wait to welcome you to Champs, and help your sporting Journey thrive!
